Child Safety Policy

November 2016

Date of policy: November 2016
Date of last major review: February 2016
Date of next major review: November 2019

1. Introduction

At St James the Apostle Parish, Hoppers Crossing North (the Parish), we hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our parish. Our commitment is drawn from and inherent in the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel ([CAM Commitment Statement to Child Safety](#)).

The Church's social doctrine constantly points out the need to respect the dignity of children. 'In the family, which is a community of persons, special attention must be devoted to the children by developing a profound esteem for their personal dignity, and a great respect and generous concern for their rights' (Apostolic Exhortation, *Familiaris Consortio*, 26). Indeed it was Jesus who, when his disciples were arguing among themselves about who was the greatest, directed his attention to a little child and said to his disciples, '*Whoever welcomes one such child in my name welcomes me, and whoever welcomes me welcomes not me but the one who sent me*' (Mark 9.37).

2. Purpose of the policy

The purpose of this policy is to demonstrate the strong commitment of St James to the care, safety and wellbeing of all children in our parish. It provides an outline of the policies, procedures and strategies developed to keep children safe from harm, including all forms of abuse in our parish environment, on site, online and in other locations used by the parish.

This policy applies to all parish personnel, including parish employees, volunteers, contractors, religious and clergy.

3. Principles

The Catholic Church has a moral, legal and mission-driven responsibility to create nurturing environments where children and young people are respected, their voices are heard and they are safe and feel safe ([CAM Commitment Statement to Child Safety](#)).

The following principles underpin our commitment to child safety at St James the Apostle Parish:

- Our parish has zero tolerance of child abuse.
- All children are entitled to, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our parish works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection.
- All adults in our parish, including staff, clergy, religious, volunteers, parishioners, and contractors, have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of children are based on honest, respectful and trusting relationships between adults and children and young people.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- Staff, clergy, religious, volunteers, parents, parishioners including children and contractors should be free to raise concerns about child safety, knowing these will be taken seriously by the parish leadership.

- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally or pastorally.

4. Definitions

Child: A person below the age of 18 years unless, under the law applicable to the child, majority is attained earlier.

Child abuse includes:

- (a) any act committed against a child involving:
 - (i) a sexual offence
 - (ii) an offence under section 49B(2) of the **Crimes Act 1958** (grooming)
- (b) the infliction on a child of:
 - (i) physical violence
 - (ii) serious emotional or psychological harm
- (c) serious neglect of a child.

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse.

Child neglect: The failure by a parent or caregiver to provide a child (where they are in a position to do so) with the conditions that are culturally accepted as being essential for their physical and emotional development and wellbeing.

Child physical abuse: Generally, child physical abuse refers to the non-accidental use of physical force against a child that results in harm to the child. Physically abusive behaviours including shoving, hitting, slapping, shaking, throwing, punching, kicking, biting, burning, strangling and poisoning. The fabrication or induction of an illness by a parent or carer (previously known as Munchausen syndrome by proxy) is also included in this definition of “Child physical abuse”.

Child protection: Statutory services designed to protect children who are at risk of serious harm.

Child sexual abuse: Any sexual activity between a child under the age of consent (16) and an adult or older person (i.e. a person two or more years older than the victim) is child sexual abuse.

Child sexual abuse can also be:

- any sexual behaviour between a child and an adult in a position of power or authority over them; the age of consent laws do not apply in such instances due to the strong imbalance of power that exists between young people and authority figures, as well as the breaching of both personal and public trust that occurs when professional boundaries are violated
- any sexual behaviour between a child and an adult family member, regardless of issues of consent, equality or coercion
- sexual activity between peers that is non-consensual or involves the use of power or coercion

- non-consensual sexual activity between minors (e.g. a 14-year old and an 11-year old), or any sexual behaviour between a child and another child or adolescent who, due to their age or stage of development, is in a position of power, trust or responsibility over the victim. Sexual activity between adolescents at a similar developmental level is not intended to be included in this definition of “Child sexual abuse”.

Mandatory Reporting: The legal requirement to report suspected cases of child abuse and neglect is known as mandatory reporting. Mandated persons include teachers, nurses, police, psychologists, psychiatrists and medical practitioners.

Reasonable Belief: When an adult is concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a ‘reasonable belief’. A ‘reasonable belief’ or a ‘belief on reasonable grounds’ is not the same as having proof but is more than mere rumour or speculation. A ‘reasonable belief’ is formed if a reasonable person in the same position would have formed the belief on the same grounds.

5. Policy Commitments

St James the Apostle Parish, Hoppers Crossing North is committed to respectful pastoral care for all to whom we minister. Respectful relationships that support the dignity of each person are central to the life and teachings of Jesus. 6. Responsibilities and Organisation Arrangements

Everyone employed or volunteering at St James has a responsibility to understand the important and significant role he/she plays individually and collectively to ensure that the wellbeing and safety of all children is at the forefront of all they do and every decision they make (CAM Commitment Statement to Child Safety).

The parish has allocated roles and responsibilities for child safety as follows:

6.1 Guide to Responsibilities of Parish Leadership

The parish priest and the Parish Pastoral Council at St James recognise their particular responsibility to ensure the development of preventative and proactive strategies that promote a culture of openness, awareness of, and shared responsibility for child safety. Responsibilities include:

- creating an environment for children and young people to be safe and to feel safe
- upholding high principles and standards for all staff and clergy
- promoting models of behaviour between adults and children and young people based on mutual respect and consideration
- ensuring thorough and rigorous practices are applied in the recruitment, screening and ongoing professional learning of staff
- ensuring that parish personnel have regular and appropriate learning to develop their knowledge of, openness to and ability to address child safety matters
- providing regular opportunities to clarify and confirm legislative obligations, policy and procedures in relation to child and young people's protection and wellbeing
- ensuring the parish meets the specific requirements of the Victorian Child Safe Standards.

6.2 Guide to Responsibilities of Parish Staff

Responsibilities of parish staff include:

- treating children and young people with dignity and respect, acting with propriety, exercising their duty of care, and protecting children and young people in their care
- following the legislative (including mandatory reporting obligations where appropriate) and Archdiocesan processes if, in the course of their work, they form a reasonable belief that a child or young person has been or is being abused or neglected
- providing a physically and psychologically safe environment where the wellbeing of children and young people is nurtured
- undertaking regular training and education in order to understand their individual responsibilities in relation to child safety and the wellbeing of children and young people
- assisting children and young people to develop positive, responsible and caring attitudes and behaviours which recognise the rights of all people to be safe and free from abuse
- following the parish's Child Safety Code of Conduct.

6.3 Organisational Arrangements

St James has appointed a Child Safety Officer who is available to answer any questions that you may have with respect to our Child Protection and Safety Policy and the Child Protection Program.

Together with the parish priest, the parish's Child Safety Officer is your first point of contact for reporting child protection issues within the parish. They receive special training that allows them to deal with child protection concerns both sensitively and effectively.

7. Expectations of our Parish Staff – Child Safety Code of Conduct

At St James, we expect parish staff to proactively ensure the safety of children at all times and to take appropriate action if there are concerns about the safety of any child in the parish environment. All staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection and comply with all requirements. We have developed a [Child Safety Code of Conduct](#), which recognises the critical role that staff play in protecting the children in our care and establishes clear expectations of staff for appropriate behaviour with children in order to safeguard them against abuse and or neglect.

Our Code also protects parish personnel through clarification of acceptable and unacceptable behaviour.

8. Child Safety and Participation

At St James, we actively encourage all children and young people to openly express their views and feel comfortable about giving voice to the things that are important to them.

We discuss with our children what they can do if they feel unsafe and enable them to understand, identify, discuss and report on child safety. We listen to and act on any concerns children or their parents or carers, raise with us.

9. Reporting and Responding

Our parish records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct and stores the records in accordance with security and privacy requirements. Our parish complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.) and the recommendations of the *Betrayal of Trust* report.

Our parish's **Child Protection – Reporting Policy** sets out the actions required under the relevant legislation when there is a reasonable belief that a child in our parish environment is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

We work to ensure all children, families and staff know what to do and who to tell if they observe abuse or a victim, or if they notice inappropriate behaviour.

Our parish has also established internal processes to ensure that appropriate action is taken to respond to concerns about the wellbeing and/or safety of a child.

If you have any concern that a child or young person may be experiencing any form of abuse, whether or not you have formed a belief on reasonable grounds that the abuse has occurred, you should immediately raise your concerns with our Child Safety Officer and/or the parish priest. The welfare and best interests of the child are paramount. Whenever there are concerns that a child is in immediate danger the Police should be called on 000.

St James' Child Safety Officer is **Geralyn McCarthy**, and she may be contacted on **0416 059 673**.

10. Screening and Recruitment of Parish Staff

St James the Apostle parish will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our commitment to child safety and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the parish Child Safety Code of Conduct and the Child Safety Policy.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we make all reasonable efforts to:

- confirm the applicant's Working with Children Check and National Police Check status and/or professional registration (as relevant)
- obtain proof of personal identity and any professional or other qualifications
- verify the applicant's history of work involving children

- obtain references that address the applicant’s suitability for the job and working with children.

We have processes for monitoring and assessing the continuing suitability of parish staff to work with children, including regular reviews of the status of Working with Children Checks.

11. Child Safety – Education and Training for Parish Staff

At St James, we provide employees, volunteers, clergy and religious with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address child safety matters. This includes induction, ongoing training and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect.

All staff and volunteers must undergo an induction process prior to engaging in ministry. These induction processes are held at bi-annually at the parish, or more frequently when necessary. Volunteers and staff who work in ministries that work specifically with children and young people (such as Youth Ministry, Sacramental Program and Children’s Liturgy of the Word) must also undertake an interview with the parish priest and the Child Safety Officer prior to commencing ministry.

12. Risk Management

At St James, we are committed to proactively and systematically identifying and assessing risks to child safety across our whole parish environment (physical and online), and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and periodically review our risk management strategies for child safety and ensure that the strategies change as needed and as new risks arise.

St James has a Child Safety Risk Committee who works with the parish to identify and manage risks. This committee meets regularly and provides information and advice to the Parish Priest, the Parish Pastoral Council and the Child Safety Officer.

Child Safety is a regular agenda item in meetings of the Parish Pastoral Council.

13. Relevant Legislation

- Crimes Act 1958 (Vic.) – Three new criminal offences have been introduced under this Act.
 - (a) **Failure to disclose offence:** Any adult who forms a reasonable belief that a sexual offence has been committed by an adult against a child under 16 has an obligation to report that information to police. Failure to disclose the information to police is a criminal offence.
 - (b) **Failure to protect offence:** The offence will apply where there is a substantial risk that a child under the age of 16 under the care, supervision or authority of a relevant organisation will become a victim of a sexual offence committed by an adult associated with that organisation. A person in a position of authority in the organisation will commit the offence if they know of the risk, but negligently fail to reduce or remove it.
 - (c) **Grooming offence:** This offence targets predatory conduct designed to facilitate later sexual activity with a child. Grooming can be conducted in person or online, for example via interaction through social media, web forums and emails.
