##### **Salty and Radiant**

You are the salt of the earth, you are the light of the cosmos. 'You' is in the plural. So these descriptions are meant to apply to us as a Christian community.

Salt in the ancient world was a preservative for food. So, we are the ones who are to preserve the earth, to prevent its deterioration, to keep it life-giving.

Salt has to penetrate food to have an effect. We have to penetrate the world with our Sermon on the Mount values. Staying self-contained as a perfect little band of Christians is about as useful as salt remaining in the saltshaker. In Our Lord's scary opinion we would quite rightly be trampled underfoot.

How are we light for the cosmos? By 'good works'? No, a truer translation is by 'beautiful works'. These are those things we do which have grace, elegance and proportion and are therefore pleasing to observe: beautifully-good-works.

We could pause for a moment to pray that we remain salty and tangy, doing good beautifully and elegantly.
