## MEDITATION

The Christian life finds expression in those decisions that, while giving a precise direction to our personal journey, also contribute to the growth of God's kingdom in our world. I think of the decision to marry in Christ and to form a family, as well as all those other vocations associated with work and professional life, with the commitment to charity and solidarity, with social and political responsibilities, and so forth. These vocations make us bearers of a promise of goodness, love and justice, not only for ourselves but also for our societies and cultures, which need courageous Christians and authentic witnesses of the kingdom of God. In encountering the Lord, some may feel the attraction of a call to the consecrated life or to the ordained priesthood. It is a discovery that can excite and at the same time frighten us, since we feel called to become "fishers of men" in the barque of the Church by giving totally of ourselves in commitment to faithful service of the Gospel and our brothers and sisters. *Pope Francis*
