## **St. Anthony and our Parish**

On this Parish Day of ours (includes our School), in a very special way we thank God for having given us St. Anthony of Padua to be our Patron Saint. And we thank St. Anthony for his uninterrupted prayers on behalf of each of us, our families and on behalf of our Parish & School Communities as a whole. We are proud to have St. Anthony as our Patron, and acknowledge all the favors we have received through his powerful intercessions before God.

This is also the Day when we thank and appreciate one another for being part of this Family of St. Anthony's, Glen Huntly. In many and various ways each and everyone of us has contributed to the life of our Parish & School. The unselfish and generous support of one & all be rewarded a 100 fold.

### **Some facts from the life of St. Anthony of Padua (1195-1231 AD).**

Also known as St. Anthony of Lisbon, for he was born in Lisbon. He was baptised Ferdinand Bouillon. When he joined the Franciscan Order he took upon the name Anthony. He died on 13 June 1231, aged barely 36. Was canonized a year later. He is also the Patron of Portugal, of innumerable number of Parishes, of Schools and of other institutions and individuals. He is most popular for being the Patron of the poor. His intercession is often sought for recovering lost items. He was a great preacher of the Gospel and a defender of Catholic Faith. He is remembered also for his many miracles.

### **One of the many miracles of the saint.**

Tommy was a 20-month-old boy who lived with his parents near the Basilica. His mother had left him playing in the kitchen, where there was a large pot on the fire with boiling water in it. The little boy took a stool and started to peep into pot. He saw his own reflection and wanted to touch it, but in doing so he fell into the boiling water. Immediately afterward, the mother was back, and when she saw Tommy's feet sticking up out of the pot, she run to pull him out, but the boy was already dead.

The poor mother's screams roused the whole neighborhood, and soon a crowd had gathered at the house, including some friars from the Basilica. Seeing the friars, the woman was reminded of the wonderful miracles done by St. Anthony, and began to pray loudly for his help, promising to donate her child's weight in bread to the poor if he were restored to life. While the mother was still praying, Tommy arose as if from a deep sleep.

The miracle of the little boy who was brought back to life gave rise to the much beloved pious practice of giving bread to the poor as a petition or in gratitude for favors received through St. Anthony's intercession. Today, bread isn't as important in our diet as it used to be in ancient times, so now the friars of the Basilica of St. Anthony in Padua encourage the faithful to participate in this beloved tradition by giving alms to the poor. St. Anthony's Charities, which promotes many solidarity projects in poor countries. In this way the great tradition of St. Anthony's bread is continued in today's troubled world. Like St. Francis of Assisi, St. Anthony too had a preferential option for the poor.
